# GLASS OF MASONIC LODGES

**14. 11. 2017 - 28. 2. 2018**

Internationally important exhibition, which presents till now a less known subject of Bohemian Masonic glass. It is a project prepared over many years and with exhibits assembled from many Czech and foreign musea and private collections. Highlights of the exhibition are undoubtedly two massive goblets designed by Alponse Mucha, which have never been shown before. This applies also to many others exhibits. At the occasion of this exhibition, the Regional Museum Dr Hostas prepared a presentation about the Masonic lodge in Klatovy in the 18th century.
